

## Home Automation Solutions "You Dream it, We Do It!"

### Front Door

- Ring the doorbell and all phones in your home ring a distinctive ring.

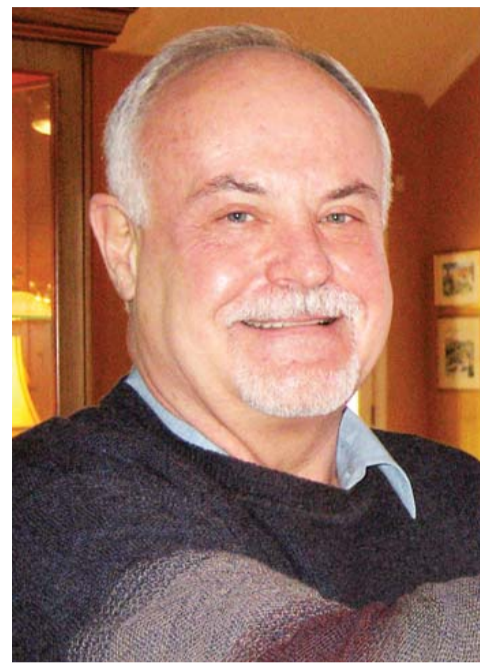

- Answer and talk with the person at the front door using your phone.
- Camera located in doorbell so you can see who is at the front door on the Touchpanel or any TV located in your home.

### Master Bedroom

- Touchpanel located in room to control your home.

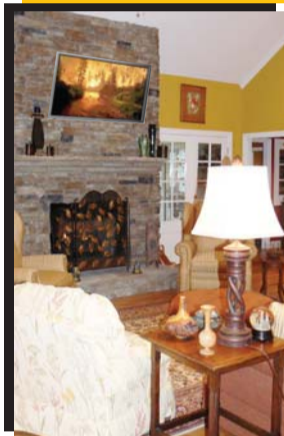

- Listen to your favorite music from CD, radio, iPod located in another part of house.
- Good Night Scene so when you go to bed you can turn on security and turn off lights, and adjust your thermostat.

"I dreamed of having a special home one day. I wanted unique features in security, lighting, and home entertainment. Fusionpoint made my home automation dream a reality."

-Virgil Cooper

### Family Room

- Place TV over the fireplace for perfect viewing or hide behind a motorized picture or mirror.

- Mount speakers in-ceiling for perfect surround.
- Movie Watching Scene turns down the lights and starts the movie.

### Back Porch

- Outdoor speakers that are weather proof standing up to the elements while you enjoy playing your music (ie, CDs, radio, iPod).

- Entertainment Mode Scene turns on your outdoor lighting, fans, and music.
- Camera outside can be viewed on touch panels or TV to watch the kids in the backyard playing.

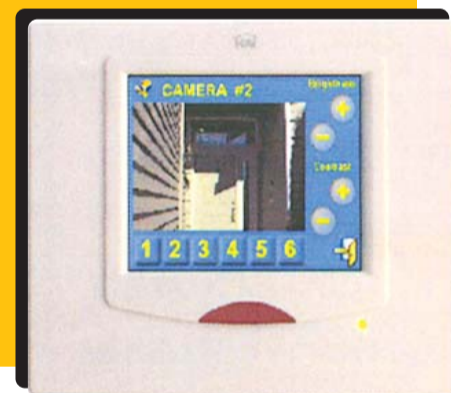

### Touch Panel

- Controls all the lights in your home
- Arms & disarms your security system
- Allows you to play music throughout your home, selecting and controlling different sources and even play different music in different rooms.

- Control thermostats throughout the house from a single location
- View cameras located inside and outside your home.
- Setup scenes that match your lifestyle to make life more comfortable and enjoyable.

Call Your Home and Control it From Any Phone in the World

### Kitchen

- Touchpanel located in room to control your home.
- Turn on your favorite music with the press of a button without

having to go to the equipment and manually turn it on.

- Welcome Home Mode sets your lighting levels, turns on your favorite music and adjusts your thermostat.
