MARANTZ INTRODUCES NEW RECEIVERS & SEPARATES

Products: Marantz AV8003 & MM8003

FusionPoint has upgraded its large demo theater with the new Marantz separate components: the AV8003 Preamp/Processor/Tuner, the MM8003 8-channel power amplifier, and the BD8002 Blu-Ray Disc Player.

The [AV8003](#) has every imaginable feature that a home theater enthusiast could want: THX Ultra2 certification, HDMI 1.3 4-in/2-out, decoding for all audio formats including the new high resolution Dolby TrueHD & DTS Master Audio, built-in networking for streaming audio, video and photos from your computer, AM/FM/HD radio plus Sirius & XM ready, 2nd and 3rd zone support, balanced & unbalanced audio in/out, copper plated chassis and much more. Priced at \$2,599.99, the AV8003 is a true bargain amongst separate surround controllers.

The companion amplifier, the [MM8003](#) has eight channels @140 watts each, balanced/unbalanced audio in, torodial transformer and biamp capability. It is a true powerhouse, and again a bargain at \$2,399.99.

The BD8002 Blu-ray™ disc player sets new standards as the source device in today's most advanced home entertainment systems.

The [BD8002](#) is Marantz's reference Blu-Ray Player. It is arguably the finest Blu-Ray player on the market.

It features HDMI 1.3 out with deep color & HD audio bit-stream support, 1080p/1080i/720p/480p scaled output, SD-card slot for playback of MP3/WMA/JPEG, 10 bit Silicon Optix Realta HQV Video Processor, DVD & CD playback, and much more. It is priced at \$1,999.99.

Marantz has several new receivers on the way including the SR4003, the SR5003, and the SR6003 priced at \$549.99, \$799.99, and \$1,199.99 respectively. The [SR5003](#) is the real value work horse of the bunch with 7 x 90W, Audyssey MultEQ Auto Calibration, Dolby TrueHD & DTS Master Audio decoding, HDMI 1.3 3-in/1 out, HDMI scaling up to 1080p, 2nd zone capability, Sirius & XM ready and much more. The SR5003 is a steal! The SR6003 offers all of the same features plus 7 x 100W, graphical user interface, front panel USB audio input & more.

As always, the products mentioned all come with Marantz's famous 3-year parts & labor warranty, the best in the business. Come experience the new Marantz products in FusionPoint's show rooms now!

CUSTOMER INSTALLATION

Ellis' New Home Theater

Steve and Denise Ellis' dream finally came true when they updated their media room and turned it into a 7-seat, 2-tiered Home Theater. Picture quality is very important to the Ellis', so in the theater they selected a 60-inch Pioneer Elite HD TV. The new KURO set from Pioneer is considered the BEST TV that you can buy with the best black levels and color contrast offered by any other TV in the world. Further acknowledging the quality of Pioneer, a Pioneer receiver and DVD player were installed. Founded in 1979, Boston Acoustics, Inc. designs, manufactures, and markets high-performance audio speakers for the home, and five of Boston's in-wall speakers were selected for the outstanding sound quality. With all of this fancy equipment, it helps to make it easy for the family to use, so an RTI T2C Color Touchscreen LCD Universal Remote was included. Now this family has a space that is far more enjoyable and simple to operate than they had ever imagined.

To see more pictures of the Ellis' home, go to FusionPoint Gallery at <http://www.fusionpoint1.com/gallery.htm>

**Save
10%**

During the week of September 16th through 20th, bring this printed coupon into the store and receive a preferred customer discount on all HDTVs, and a 10% discount on any audio or video equipment in stock with the purchase of a TV.

Note: 10% discount only applied to A/V equipment in-stock and not to TVs.

Offer Expires: Saturday, September 20th, 2008
